Ted represents clients in a variety of international trade matters, including antidumping and countervailing duty proceedings, export controls compliance programs and issues related to international trade and climate policy. He practices primarily before the U.S. Department of Commerce (DOC), the U.S. International Trade Commission (ITC), the U.S. Court of International Trade (CIT), and the U.S. Court of Appeals for the Federal Circuit (CAFC). Ted has represented clients in a broad range of industries, including leading U.S. technology companies and U.S. manufacturers of steel, wood, and consumer products.

Representative Matters

- Represents clients in trade litigation before the DOC, the ITC, the CIT, and the CAFC in antidumping and countervailing duty investigations, administrative reviews, circumvention and scope proceedings, five-year sunset reviews, and corresponding court appeals. Counsels clients on matters regarding Sections 232 and 301 tariffs.
- Advises clients on issues related to international trade and the environment. Assists clients with trade- and climate-related funding programs and regulations developed through the Bipartisan Infrastructure Law, the Inflation Reduction Act, and Buy Clean initiatives. Counsels clients on the international legal and economic impacts of climate policies, including carbon taxes and border measures, greenhouse gas emissions standards, and restrictions on raw materials. Evaluates World Trade Organization (WTO) and other international legal implications of climate and environmental policies in the
