December 12, 2025

Robert E. DeFrancesco, III, partner in Wiley's International Trade Practice, has been named an MVP by *Law360*. This is his third recognition in the International Trade category.

Law360 noted in its profile of DeFrancesco that he stood out for his work securing antidumping and countervailing duties (AD/CVD) on Chinese imports on behalf of the U.S. golf cart industry. "It's a scenario where I think over the long term it will help stabilize the market," DeFrancesco told *Law360*. "It will help not just the U.S. producers, but the dealers themselves, compete in a fairly traded market."
