# Sarah Amick Comments on TSCA and Federal and State Chemical Regulations to *Bloomberg Law*

---

*Bloomberg Law*

May 7, 2026

Sarah E. Amick, special counsel in the Environment & Product Regulation Practice, was quoted by *Bloomberg Law* in the article, "Delays in EPA's Chemical Risk Analyses Invite State Regulations" regarding the Toxic Substances Control Act (TSCA) and federal and state chemical regulations. "Federal preemption remains critical to prevent states from passing a patchwork of laws that would challenge manufacturers making products for a global market," noted Amick.
