

# Electioneering Communication Alert

---

September 2010

Please note that starting September 2, we are now within the electioneering communication period for the 2010 general election. This means that there are reporting obligations and disclaimer requirements applicable to certain television and radio advertisements that mention or feature federal candidates running in the state or congressional district where such advertisements are able to be received. Groups and individuals spending more than \$10,000 on electioneering communications must file FEC Form 9.
