

COGEL 33rd Annual Conference

November 2011

December 4-7, 2011 | Loews Vanderbilt Hotel | Nashville, Tennessee

The Council on Governmental Ethics Laws (COGEL) Conference is an invaluable opportunity for professionals working in the fields of government ethics, campaign finance and disclosure, lobbying regulation, elections and freedom of information to learn and network. This year's conference is organized around the general theme of the evolution of reform, what's changed and what hasn't.

COGEL is the international professional organization for government agencies, organizations and individuals with responsibilities or interests in governmental ethics, elections, campaign finance, lobby laws and freedom of information.

Active at the federal, state, provincial and local levels in the United States and Canada, COGEL provides regulators, advocates, academics and others working in its areas of interest to connect with each other, share knowledge and explore emerging trends.

Daily registrations and full conference registration are available. For registration rates and deadlines, visit www.cogel.org or email director@COGEL.org.
