

ALERT

Broadcast FY 2019 Regulatory Fees Due by September 24, 2019

August 29, 2019

By **September 24, 2019**, broadcast (Radio and Television) licensees must pay all required annual regulatory fee payments to the Federal Communications Commission (FCC or Commission). Payments received after the deadline will be assessed a 25% late payment penalty.

The use of "Fee Filer" in preparing the regulatory fee filings is mandatory. The Fee Filer website is found [here](#).

Payment may be made by online ACH payment, online credit card, debit card or wire transfer. When paying by wire transfer, a Form 159-E must first be sent by fax so that the FCC can associate the wire payment with the correct regulatory fee information. The FCC no longer accepts checks (including cashier's checks and money orders) for payment of regulatory fees. Payment by credit/debit card is limited to \$24,999.99.

You are required to pay a fee for FCC authorizations held as of **October 1, 2018**, even if the station is silent or the license was surrendered after that date. For stations that were assigned or transferred after October 1, 2018, the current licensee is responsible for payment.

The FCC has been aggressive about assessing the 25% penalty even in situations where payment is only a day late. The FCC will withhold action on any application filed by any licensee that is delinquent in any non-tax debts owed to the Commission (including regulatory fees) and will ultimately dismiss those applications or other requests if payment of the delinquent debt or other satisfactory arrangement for payment is not made. Failure to pay regulatory fees can also result in
