## Annual EEO Public File Report

Radio and television station employment units (SEUs) located in **the District of Columbia, Maryland, Virginia, West Virginia, Michigan, Ohio, Arizona, Idaho, Nevada, New Mexico, Utah, and Wyoming** with five or more full-time employees must prepare by Wednesday, June 1, 2022, an annual EEO Public File Report (PFR). The report must be posted on the website belonging to each station in the SEU and uploaded to its online public inspection file at the Federal Communication Commission's (FCC's or Commission's) website.

***Note: It is the licensee's responsibility to ensure the PFR is uploaded to the online public inspection file by the deadline. Files receive an electronic date/time stamp when uploaded to the online public file, making it clear to FCC staff if they are posted late.***

The PFR should summarize the SEU's recruitment activity from June 1, 2021 through May 31, 2022, including full-time positions filled, the recruitment sources used to advertise those job openings, and the total number of interviewees and hires produced by each recruitment source. The PFR must also include a summary of the SEU's recruitment initiatives.

### **Schedule 396 Broadcast EEO Program Report**

Television SEUs in **Arizona, Idaho, Nevada, New Mexico, Utah and Wyoming** must submit a license renewal application by Wednesday, June 1, 2022. Prior to submitting the license renewal application, each SEU must file a Schedule 396 Broadcast EEO Program Report.

The Schedule 396 requires licensees to report discrimination complaints and, for SEUs with five or more full-time employees, provide a narrative description of their outreach efforts, identify the individual with overall EEO responsibility at the SEU, and submit PFRs covering the time period from June 1, 2020 – May 31, 2021 and June 1, 2021 – May 31, 2022. Once filed, the FCC will automatically upload a copy of the Schedule 396 to the online public inspection file for each station in the employment unit.
